RELEVANT RESEARCH ACTIVITY:

Please indicate for past 5 years only (i) Grants Awarded: Names of investigators; Years; Title of Project; name of awarding agency (ii) PhD and other projects: Title, start or completed date.

1. Grant JPND (2014- 2017) - European Joint Programme Neurodegenerative Diseases Research funded project (2014-2017) aimed at implementing and evaluating the innovative Meeting Centers Support Programme (MCSP) for community dwelling people with dementia and their carers in Europe. Investigators: Prof. dr. Rose-Marie Dröes, Dr. Franka Meiland, Prof. Joanna Rymaszewska, Prof.dr. Rabih Chattat, Dr. Simon Evans, Dr. Dorota Szczeniak, Katarzyna Urbanska, MA
2. University Grant (2014 – 2018) - Cognitive functions and exposure to extremely low temperatures. Investigators: Prof. Joanna Rymaszewska (project manager), dr n. med. Dorota Szczeniak, dr n. med. Bartłomiej Stańczykiewicz
3. University Grant (2015 – 2018) - Assessment of cognitive functions in patients with a diagnosis of severe mental disorders. Investigators: Prof. Joanna Rymaszewska (project manager), dr n. med. Dorota Frydecka, dr n. med. Błażej Misiak, mgr Kamila Kotowicz

CURRENT RESEARCH INTERESTS/ONGOING PROJECT TITLE:

1. “Improving the qualifications of doctors by conducting nationwide standardized training in the field of diagnostic procedures, therapy and prevention”. European Social Fund Operational Programme - Knowledge Education Development 2017 – 2020 (EFS PO Wiedza Edukacja Rozwój). The role in the project - a clinical expert.
2. “Home Harbor” (Domowa Przystań). European Social Fund Operational Programme - Knowledge Education Development 2017 – 2020 (EFS PO Wiedza Edukacja Rozwój). The role in the project - Coordinator of the team of experts.
3. Hidden brain ischemia as an early marker of the development of dementia - retro- and prospective assessment in a cohort study of the Polish population. PUREMIND. The role in the project - over neuropsychological research. NCN OPUS 2016-2018.
4. INDUCT Interdisciplinary Network for Dementia Using Current Technology. H2020 Marie Skłodowska Curie Actions – Innovative Training Networks. The role in the project – Member of Advisory Board

HOW DO YOU INTEND TO CONTRIBUTE TO INTERDEM:

Disseminate knowledge about such research network among Polish scientists in the field of dementia, contribute with the scientific team in research studies thanks to be recognizable partner as the INTERDEM member, participate in INTERDEM meetings and conferences, hopefully having possibility to organize workshop or INTERDEM symposium in Wroclaw, Poland.
