Update TF website

The screenshot shows a web browser window displaying the INTERDEM website. The browser's address bar shows the URL "interdem.org". The website's navigation menu includes links for HOME, ABOUT INTERDEM, NEWS, PUBLICATIONS, TASKFORCES (highlighted in orange), PROJECTS, MEETINGS, INTERDEM ACADEMY, and MENTORDEM. The main heading is "Taskforces" in a large, bold, orange font. Below the heading, a paragraph states: "INTERDEM has various Taskforces in which committed members work together. These are reviewed on a yearly basis usually after the annual meeting." This is followed by the sub-heading "INTERDEM Task Forces Guidelines". Underneath, it says "Current Taskforces are:" and lists several taskforce areas in a list format, each with a plus sign icon to its left. The list includes: Young-onset Dementia, Palliative and End of Life Care in Dementia, Assistive Technology, Social Health, Methodology, Primary prevention (circled in red), Intercultural aspects, and Inequalities in Dementia Care.
